COOKIE POLICY

Effective Date: July 31, 2019

Modelland Holdings, LLC ("we", "us", "our") are committed to protecting and respecting your privacy as described in our Privacy Policy, of which this Cookie Policy forms a part. This policy describes how we use cookies and similar technologies on this website, and how to contact us with any questions concerning this Policy.

By consenting to this Cookie Policy, you agree to our using cookies and other similar technologies (as described below), including to distinguish you from other users of our website and for analytics. This helps us to provide you with a good experience during your visit to our website.

What are cookies and similar technologies?

A cookie is a small piece of data that a website asks your browser to store on your computer or mobile device. The cookie allows the website to "remember" your actions or preferences over time. For more information see: https://www.allaboutcookies.org/.

Websites may also use similar technologies for storing information. These can include, for example, Local Shared Objects (commonly referred to as "Flash Cookies"), web beacons or tracking pixels (including transparent or clear gifs).

Types of cookies

A cookie can be classified by its lifespan and the domain to which it belongs. As to lifespan, a cookie is either:

- a session cookie, which is erased when the user closes the browser, or
- a persistent cookie, which remains on the user's computer/device for a period of time, determined by the party that set the cookie

As for the domain to which a cookie belongs, a cookie may be:
- a first-party cookie, which is set by the web server of the web page the user is visiting, or
- a third-party cookie, which is set by a different domain (this can happen when a web page references a file located outside its domain)

Cookies and similar technologies do not require your consent to this policy when they are strictly necessary to provide services to you—for example, when a cookie is used to provide required data protection to secure our website, or to keep track of your selections or input, such as for an online shopping cart, a form you are filling out, or language preference.
